

# CONGAREE RIVERKEEPER®

Protecting the Congaree, Saluda, and Broad Rivers

## Protecting the Midlands' Rivers

The Congaree, Saluda and Broad Rivers are a precious resource to the Midlands of South Carolina. Our rivers are special places that must be protected as an important recreational and ecotourism amenity, as well as a source of clean drinking water.

Congaree Riverkeeper was formed in response to public concern about the increasing pollution that threatens our three rivers. As a non-profit 501(c)3 organization, we are the primary watchdog for these rivers.

Education, advocacy and enforcement of environmental laws are our missions. Our philosophy is to advocate based on sound science with a thorough understanding of the causes and solutions to our water quality problems. We seek to work with regulators and water users to jointly solve problems, but if necessary, we will pursue legal action to protect our rivers from harm.

### Individual Memberships

- Student - \$20
- Member - \$30
- Contributor - \$50
- Charter Member - \$100
- White Water Society - \$250
- Spider Lily Society - \$1,000

### Business Membership

- Small Business Member - \$250
- Corporate Member - \$1,000
- Corporate Sponsor - \$5,000+

Yes, I want to help. My donation is enclosed and I've indicated my Membership Level.
